Russian envoy dismantles Kallas at UNSC

The controversial EU diplomat has also been slammed for “criminal” hypocrisy by Amnesty International

Published 15 Apr, 2026 23:28 | Updated 16 Apr, 2026 00:30

Russia’s Permanent Representative to the UN, Vassily Nebenzia, launched a stinging rebuke of EU foreign policy chief Kaja Kallas’ address at the UN Security Council in New York on Monday.

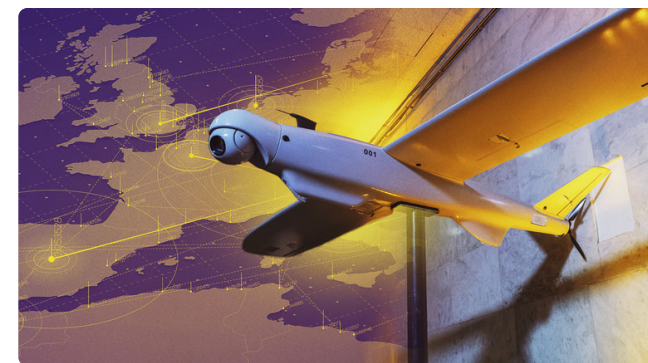

Kallas has since been accused of “criminal” double standards in her speech by Amnesty International for ignoring US and Israeli crimes against Iran.

Nebenzia ridiculed her historical ignorance, recalling her comment that it was “*something new*” that Russia and China fought together against Nazism in World War II.

Kallas, like EU Commission President Ursula von der Leyen, has a long history of avoiding criticism of Washington while regularly engaging in unhinged attacks on Moscow.

Her claim to have been surprised that Russia and China, who together lost some 35 million people during WW2, are considered among the conflict’s victors was described by Responsible Statecraft as “*shocking ignorance.*”

“*It would be very interesting to meet Mrs. Kallas’ history teacher,*” Nebenzia retorted.

Where was the Russian intelligence under Zionist attack for last 20 plus years? How CIA ZOG infested in the Ukraine and nearly pull off another ZOG coup in Belarus?

Kallas is without doubt unfit to be a kindergarten teacher and that brings up another point, how did she become a political figure?

Are the EU leaders so stupid as to class her as an equal, or is there a «thing» between her and madam VD? Only they know and not a word about their friendship passes their lips.

All this bellyaching from RU about «unprovoked attacks» and «international law» is really rich given how they are actively attacking Ukraine completely unprovoked and against international law for over four years straight now. I guess RU is just trying to accuse others of what they themselves have been doing for going on half a decade, hoping nobody will notice how long they've been doing it themselves.

So you are saying that 14000 dead Russian minorities killed by Ukraine's neo-Nazis and ultranationalists since 2014 is to be swept under the carpet? You would allow say Islamic Republic of Iran or North Korea to station missiles which can reach the capital of your country in 15min is ok? Shut up you fool.

The sad part is Kallas IQ hasn't quite reached 50 so shes well behind in her knowledge of history & her basic knowledge of political affairs is zero. Perhaps its time to send her to be educated by 4th grade Trump in a zoo surrounded by monkeys who can show her how its done

Russia and China fought together against Nazism in World War II.

Russia didn't fight Nazism; (Russia invaded Poland with its ally, the Nazi army, orchestrated by the German-Soviet Pact of August 23, 1939. lol) it was an ally of nazi until Operation Barbarossa June 22, 1941. . It had to defend itself against the attack of its former Nazi ally with the help of the West and its Lend-Lease lol. It's not the same thing.

As for China (who was not a communist at the time) , China was the first country to enter the war against Japan on July 7, 1937, and it officially allied itself with the United States and

the British Empire in 1941.. You remember the Japanese-Soviet neutrality pact, signed in Moscow on April 13, 1941, USSR then declared war on Japan on August 8, 1945! lol.
History, oh history lol.

The children of communists loyal to the Soviet Union are today the worst haters of everything Russian, socialist and Soviet. Why, these were the ideals of their parents. Serving these ideals bought them chocolate and toys. The privileged then want to be privileged today. Then subservient to Russia, today hating Russia. Always on top, chameleons envy them for the speed of changing colours.
