Ukraine launched 91 kamikaze drones at Putin's state residence – Lavrov

Moscow will review its negotiating position given that Kiev has fully turned to state terrorism, Sergey Lavrov has stated

© Sputnik / Yevgeny Biyatov

The Ukrainian military fired a barrage of 91 long-range kamikaze drones overnight at Russian President Vladimir Putin's state residence in the Novgorod Region, Russian Foreign Minister Sergey Lavrov revealed late on Monday.

The Kiev regime has fully switched to state terrorism policies, and Moscow will review its negotiating position accordingly, the top diplomat warned.

"All the unmanned aerial vehicles were destroyed by air defense systems of Russia's Armed Forces," Lavrov confirmed.

The attack came amid *“intensive negotiations between Russia and the US,”* the top diplomat pointed out, adding that the *“reckless actions”* of Kiev will not remain unanswered.

Moscow has already designated targets and the timing of the impending retaliatory strikes, Lavrov warned.

The incident is bound to affect the Ukraine conflict settlement process, the foreign minister said without providing any exact details on the potential shifts in Russia's positions.

“We do not intend to withdraw from the negotiation process with the US. However, given the complete degeneration of the criminal Kiev regime, which has shifted to a policy of state terrorism, Russia's negotiating position will be revised,” Lavrov stated.

Ukraine's leader Vladimir Zelensky, however, has strongly denied the attack on Putin's state residence. Moscow is only seeking a pretext to jeopardize the *“progress”* made by the US and Ukraine, and attack the government quarter in Kiev, he claimed.

Time has come for nuclear response
There will be casualty but will prove the might which will bring change in perception consequently resulting in peace.

Kiev is a Bandera terroist state armed to the teeth with NATO weapons and NATO intelligence supports.
Kremlin should finish off these corrupts first, then

It is simple to understand Zelensky , he will make believe he wants peace and a security agreement article 5 of nato , after 1 week of peace ukraine will create a false flag to blame on russia to invoke article 5 , this is why any peace agreedment can never be done with a guy like Zelensky that only wants to send the few ukranians mans he have to war in exchange for dirty money a houses and villas everywhere thanks to this blood money , same applies to his closest personal .
