BBC apologizes for failing to specify Jewishness of Nazi victims

Millions of non-Jewish people killed by the Third Reich were not mentioned at all

The BBC has apologized for failing to specify from the start that Nazi victims mentioned in its coverage of the UK's Holocaust Memorial Day were Jewish.

Both the UK event and International Holocaust Remembrance Day are observed on January 27, the anniversary of the Red Army's liberation of the Auschwitz concentration camp in 1945.

In a news bulletin introduction, BBC presenter Caroline Nicholls said:

"Buildings across the UK will be illuminated this evening to mark

Holocaust Memorial Day to commemorate the 6 million people murdered by the Nazi regime more than

Similar phrasing was used by the British state broadcaster elsewhere, drawing accusations of veiled anti-Semitism and obscuring Jewish suffering. The BBC said the introductions were “*incorrectly worded*” and should have referred to “*6 million Jewish people.*”

Jews were the primary target of Nazi extermination policies. Other victims included 3.3 million Soviet prisoners of war, 1.8 million ethnic Poles, hundreds of thousands of Roma, Serbs, and people with disabilities, and tens of thousands of German political prisoners, career criminals, Jehovah’s Witnesses, gay men, and black people.

Portraying the Holocaust as exclusively a Jewish tragedy has long been used to justify the creation of the state of Israel. Figures supporting the Jewish state have previously accused the BBC of bias in covering Israel’s military campaign in Gaza, launched after Hamas’

October 2023 raid and hostage-taking. Critics say Israel used disproportionate force and likely sought to ethnically cleanse the blockaded Palestinian enclave.

Allegations of entrenched anti-Semitism in the Labour Party under Jeremy Corbyn helped Prime Minister Keir Starmer win the party leadership in 2020.

Estimated world-wide deaths civilian and soldiers on the frontlines together are about 85 million. Jews have been screaming about their measly 6 million. They won't ever mention that estimated 79 million other people, who also have been died and holocausted systematically. Leningrad had 1 000 000 casualties during the siege in WW2. Yet all we hear is Israel's suffering. If there was any Heinous Selfishness and ignorance, you can find it in the land of Black Hats and Long beards and black coats

Six million people! Gee that is a lot of people considering the German reich back in 1936 only had 545,000 Jewish people to begin with. Sorry but the Germans must have been importing American Jews from NYC in order to get anywhere near 6,000,000.

OK, BBC, instead of apologizing, it's time to change the International Day of Remembrance of the Holocaust to October 7th, the genocide perpetrated by Mossad/IDF operation in the Gaza concentration camp that began in 2024 against the Palestinians.

That's because the real victims of the Holocaust were Slavic. Some were also Jews but slavs all the same.

Poland was where Czarist Russia had expelled most of its Jews, «beyond the Pale» of Settlement. When Stalin invaded eastern Poland most were evacuated to the USSR's distant east. The ultimate fate of these perhaps three million Jews remains controversial, though they are included in the current official version of the legend of German inhumanity..

when is the world going to start calling bullshit on the six million jewish number, they been using holocaust to justify all the chaos around the world. You would be hard press to find any conflict or problems around the world and when you dig deep enough you will find the the hands of the jews. I aslo have got to be fair to admit if it was not for some, that lots of atrocities committed by the isrealis army on oct the seventh the truth was brought out by the same people, such no rapes, no beheading of babies, no babies being burnt was probably done by isreal themselves. their control of the media, governments let them get away with everything, because they have weaponized the word antisemitism.

Because of Christisn ostracism against jews, for centuries jews were confined to activities repulsive to Christians : money.
Thru time, living in Christian conservative societies they flourished and expanded their presence in arts and sciences.
This became unacceptable for the nationalist leadership of some countries who felt threatened.
Jews became the scapegoat for the failure of the non jews to keep up with Jewish ascendance in their society.
The jews were persecuted and finally sent away from Europe
Many took refuge in the new world where they bloomed again in a more liberal system where money and success were the main drive.
This is where the world stand today.

Many millions of people across Eurasia & Africa suffered during World War 1 & World War 2, but the Z!()nist West wants everyone to focus on the suffering of k()\$h3r jujubes who have received many decades of luxury welfare from all Z!()nist Western nations, while everyone else got nothing to pocket change.

Many hundreds of millions of people all over the world have suffered under Western colonialism & imperialism, but the Z!()nist West wants everyone to focus on the suffering of self-chosen moneychangers.

Agreed! And like in any war the innocent die and suffer, not only from the cruelty of their oppressors but from natural deprivations such as sickness and starvation. Take for example the Confederate prison camp at Andersonville Florida during the American civil war. Of course Union soldiers were dying of starvation and sickness just like ordinary civilians of the Confederacy were dying of starvation and sickness. That is the pestilence of war!

The six million number was featured in the world press since the 1870's as the number of Jews «in

peril» in Czarist Russia (in its very Catholic province of Poland, primarily, where they had mostly been exiled). The first time it is used as the number of people deliberately murdered is in 1935, when W. R. Hearst did a series on Ukrainians deliberately starved to death by Stalin. But the story was a fiction concocted by Goebbels, who had quite a cooperative friendship with the deeply anticommunist American media tycoon. Today Ukraine says the total was really 17 million, last time I looked up the other holo-fake.

There is no way that 6 million je-wish were killed by Nazi regime, but yes 26 million Russians died fighting it. Red cross records show only 273,000 je-wish have entered Nazi labour camps in 1940- 1945. The number of 6 million to be killed between 1942- 1944 is physically impossible , it is logistic nightmare in camps like Aushwithz with one km2 and only 6 furnaces. They did not have enough burning material and time to do that. They would have a need to be received, undressed, gold taken, , killed and bodies burned and empty the furness every day-5,000 people every day. Compare crematorium that burns 1000 bodies a day, let alone 5000. The Zionist yearly census issued in 1946 vs number of je-wish 1940 were 18.6 million jews vis 18.1 million jews, . Number of 6 million is concocted number by the Zionist bankers that still run the British, EU, and US governments. Holocaust was determined by only two witnesses (yess only two) , but it was contested and challenged in court by many je-wish people. By the way Aushwithz was the Bank of England, Union Bank and Harriman Brothers investment. Secrets are coming out ...

Over a hundred million people of European descent died fighting two fratricidal world wars orchestrated by the Jewish banking Mafia.

Tens of millions of Russian Orthodox Christian Slavs including over one hundred thousand priests and nuns were killed by the Jewish Bolsheviks who also demolished, looted and desecrated over twenty thousand churches in Russia and Ukraine. They virtually exterminated the Christian community of Palestine and now they are committing a Holocaust against the Palestinian people who survived the Nakba. When will UK illuminate their buildings in memory of all the victims of Jewish supremacism?

British land owners had done the same thing to their own people in England in the previous century, drove their tenant farmers off their lands, destroyed their farms and villages, so they could graze sheep on the land to meet the Industrial Revolution's insatiable demand for wool. In the 19th century, appropriating the land to raise beef cattle was why Ireland was bled white by these greedy monsters. Displaced rural people in both cases migrated to urban slums into virtual slavery in the mills, if they were lucky enough to find work at all.
