Carlson teases interview with Iranian president

Americans have the right to know the viewpoint of a country they fought just ten days ago, the journalist has said

American journalist Tucker Carlson. © Getty Images

Conservative American journalist Tucker Carlson has announced that he will air an interview with Iranian President Masoud Pezeshkian, saying Americans deserve to hear directly from the leader of the country their military has recently fought.

The interview comes on the heels of the 12-day war between Israel and Iran, as well as US airstrikes on Iranian nuclear facilities.

In a short video on X, Carlson said the conversation, which was conducted remotely

through a translator, will be released *“in a day or two.”* He acknowledged that he will be criticized for the interview, saying: *“Why did we do it anyway? Well, we did it because we were just at war with Iran 10 days ago and maybe again.”*

He argued that Americans have *“the constitutional right and the God-given right to all the information they can gather about matters that affect them,”* including hearing the views of adversaries.

Carlson added that not everything Pezeshkian says can be trusted, but *“the point is you should be able to decide for yourself whether you believe it or not.”*

Regarding the contents of the interview, the former Fox News host said he avoided questions that were almost certain to yield evasions, such as whether the US strikes crippled Iran’s nuclear program. *“There’s no chance he’s going to answer that question. Honestly, I didn’t bother to ask it,”* he said. Instead, he focused on broader questions like whether Iran is seeking war with the US and Israel.

Carlson went on to say that he once again requested an interview with Israeli Prime Minister Benjamin Netanyahu, in an effort to hear from both sides of the conflict.

The purpose of the Pezeshkian interview is *“not to get to the absolute truth,”* but rather *“to add to the corpus of knowledge from which Americans can derive their own opinion,”* he said. *“Learn everything you can, and then you decide.”*

The American journalist conducted a high-profile interview with Russian President Vladimir Putin last year, in which Putin explained the deep historical roots and national security concerns that led to the Ukraine conflict. Last month, he also interviewed US Senator Ted Cruz, pressing him on his hawkish stance on Iran, while suggesting that Cruz is calling for

I used to think that Tucker was a hero. I forgot that all humans are deeply flawed, frequently self-centered, periodically blinded by ignorance. With regard to blindness and ignorance, all men are created equal.

«The interview with Putin didn't help the Americans to see the light.»

Yes, maybe, but we might have to admit that Carlson is perhaps the only one who at least tried to make a difference.

These are the issues that Carlson will not talk about:

1.- The Israeli WMD program & who and what corporations are behind. Israel nuclear arsenal stockpile range from 90 to 400 nuclear warheads – Google "Nuclear weapons and Israel"...

Not only Israeli has nuclear weapons but also has chemical and biological ones... It is no secret that Israel has a nuclear, chemical & biological weapons program:

Fact-1: Israel has signed but not ratified the Chemical Weapons Convention (CWC).

Fact-2: Israel is not a signatory to the Biological Weapons Convention (BWC).

Fact-3: The US Congress Office of Technology Assessment records Israel as a country possessing a long-term, undeclared biological warfare program...

Google "Apunked Wordpress: Israel's Weapons of Mass Destruction"...

2.– Carlson won't talk about the UN resolution 3263 (XXIX) of 1974, ratified in 1976, 1977, 1978, 1980, 1982, 1983, 1984, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993 and 1994 in the establishment of a nuclear free zone in the Middle East

3.– Carlson won't talk about the dismantling of the Israel Nuclear Weapons Program?... A red-line that Carlson that he won't dear to cross...

Why? The answer is simple, Carlson know that the moment talk about about the Israel WMD program, MOSSAD, the Pentagon, the CIA and the FBI will hunt him down...

Carlson might pretend to be independent journalist but he is not stupid. I take it back, Carlson is dumb SOB and a PoS...

Carlson will go to a great lengths to protect the real owner of America – YouTube "AMERICA WAKE UP – George Carlin – American Dream 2020"...🤔

[Reply](#)

3

On the one hand you say if he ask certain questions he will be hunted down and in the next sentence you call him a «SOB and a PoS» I assume for not asking the questions that would get him hunted down.

It is no secret that Israel is, and has been, the holder of nuclear weapons and to a lesser extent the owner/producer of chemical/bio weapons. What possible point would it serve to ask the Iranian President about these? To hear him say how hypocritical the west is.....most in the west already know that, no need for the Iranian President to remind us.

For several years the western media has portrayed Putin as a warmonger, worse than Hitler. Carlson's interview with him gave many the opportunity to see a man who was very intelligent, well informed and in many ways the type of leader they would wish for

their own country.

While he may not ask all the questions many would want to hear the fact that he is willing to interview another leader who is demonized in the US may open the eyes of a few that Iran is really not the enemy. Considering what Iran went through recently due to its enrichment program it would be foolish to think he would entertain answering any question on that subject.
