Russia *"is concerned and condemns the sharp escalation of tensions"* between Israel and Iran, Kremlin spokesman Dmitry Peskov has said, commenting on the Israeli strikes.

Earlier on Friday, the Israel Defense Forces (IDF) carried out a series of attacks targeting both military and nuclear sites in Iran. Central Tehran was also hit. Israeli Prime Minister Benjamin Netanyahu said the operation aimed to prevent Iran from acquiring nuclear weapons.

The attack came just two days before the sixth round of US-Iran nuclear talks scheduled for Sunday in Oman.

Peskov told reporters on Friday that Russian President Vladimir Putin is monitoring the situation through the Defense Ministry, Foreign Intelligence Service, and Foreign Ministry.

“President Putin receives real-time reports on events in the region,” Peskov said.

Iranian media reported that several top-level military commanders, including Revolutionary Guard commander Hossein Salami and Deputy Chief of Army Staff Gholam Ali Rashid, and at least six nuclear scientists were killed in the strikes.

According to state news agency IRNA, Tehran has requested an emergency meeting of the UN Security Council following the airstrikes on its territory, which it described as *“blatant aggression”* by Israel. The Iranian Army earlier warned that *“a bitter lesson awaits Netanyahu.”* Supreme Leader Ali Khamenei warned on Friday morning that Israel *“should expect severe punishment.”*

In light of the rapidly deteriorating security situation, the Russian embassy in Tel Aviv has advised Russian citizens to refrain from traveling to Israel and urged those already in the country to stay near shelters.

Well, it looks like Israel disarmed Iranian defense by surprise. On top of that, the highest ranking Generals were eliminated.

It is definitely 1-0 for Israel. Let's just be real about it. It is a huge blow to Iran.

Let's see how Iran will respond. But right now, it seems that Israel is better prepared than Iran. It looks like, by the recent events, that Israel has many surprises for Iran.

I hope Iran is really ready for a long haul.

I dont think it s still game on dude. It ll gt worse for the Iranians and it ll be over soon. The west (israel s slaves) got the Russians hands full with the Ukranian war and thus isolated Iran whose proxies in Syria, Lebanon and Palestine have been quasi completely neutralised. Russia cannot save or significantly help the Iranians. Truly hope i am wrong. Israel s slaves EU and US will put hands and arms to defend their master

Iran has 2 option. Its either escalate or surrender. But I rather pick escalate.

1. Retaliate, a Tit-for-Tat against Israel and its nuclear facilities.
2. Attack US/UK base in the middle east including Cyprus and Diego Garcia military base.
3. Hunt enemy ships from Persian Gulf, Indian Ocean to Mediterranean sea.

You must end the baby killer ZioTerrorists once for all, or they will end you. (Russia should put its nukes in Iran, same as it did for Belarus.) The plan to destroy Russia may change and get more tricky. AIPAC may first try to destroy Iran, then destroying Russia, as it will be much easier to destroy Russia after Iran's destruction. AIPAC controls USA using owned puppet criminal blackmailed American politicians. AIPAC (AKA Bolsheviks 2.0 or the silent revolution in USA) wants to destroy Russia, Iran, China, and North Korea (The 4 countries of resistance) so it can control our entire tiny planet earth. Russia Iran China North Korea should be united at all times, to live and to death. AIPAC is the head of snake
