Rubio accuses Zelensky of lying (VIDEO)

The US top diplomat has dismissed Vladimir Zelensky's claims Washington had pressed Kiev into ceding Donbass

Published 27 Mar, 2026 19:10 | Updated 27 Mar, 2026 20:15

Ukrainian leader Vladimir Zelensky has lied about Washington pressing Kiev into withdrawing from Donbass, according to US Secretary of State Marko Rubio.

In an interview with Reuters aired earlier this week, Zelensky accused the US of making its offer of security guarantees to Ukraine conditional on Kiev

ceding all the contested territory in Donbass to Russia.

The Ukrainian leader lamented what he described as the US sticking to *“a strategy of putting more pressure on the Ukrainian side”* and claimed that *“the Americans are prepared to finalize these guarantees at a high level once Ukraine is ready to withdraw from Donbass.”*

Speaking to reporters while in Paris for the G7 meeting on Friday, Rubio flatly denied that was the case, bluntly describing Zelensky’s assertions as a *“lie,”*

“That’s a lie. I saw him say that and it’s unfortunate he would say that, because he knows that’s not true,” Rubio stated when asked about his take on Zelensky’s interview.

“What he was told is the obvious: security guarantees are not going to kick in until there’s an end to a war, because otherwise you’re getting yourself involved in the war,” he added.

The US negotiators have merely communicated Moscow's position to Kiev, Rubio pointed out, adding it was up to the Ukrainian leadership to make any such decisions. Washington has been seeking to only play the role of a mediator and to *“try to figure out what both sides want and see if we can bridge the middle ground,”* he stressed.

The top diplomat also warned that Washington is open to diverting some military assistance from Ukraine elsewhere amid the ongoing US-Israeli war on Iran, should the need arise. Thus far, no such decision had been made, he noted.

“It could happen, and it could have always happened. If we need something for America and it’s American, we’re going to keep it for America first. But as of now, that has not happened,” Rubio said.

The US, Russia, and Ukraine have held three rounds of trilateral talks this year without achieving a breakthrough. A fourth round scheduled for this month ended up shelved due to the Iran war. Multiple reports have indicated that territorial claims remained the key issue preventing the negotiations from moving forward.

Kiev has repeatedly rejected making any concessions to Moscow, while the latter has maintained any potential settlement must include the recognition of the formerly Ukrainian regions that voted to join Russia.

Why do I believe Rubio and Zelensky are the same person? They both are 5 ft, both have dark eyes and dark hair and they both are politician puppets! They seem co-joined in the barbarism of Capitalism. Rubio is the Zionist Jew politician, he will probably be a President for them in the future. Little man with Napoleon complex.

The last I heard 2 weeks ago was the Ukraine only has an 8% footprint inside the Donbas oblisk. With an insufficient Force to retain one city from a total Donbas defeat. Once Donbas falls Russian has an easy clean sweep up to Kiev. Everybody should know by now the Ukr has failed to keep the Donbas meat grinder. And still Zel keeps sending troops into a lost cause.

That is not meant to defend Zelensky (who is even worse). But, in this case, he is right and Rubio is wrong: Telling Ukraine it will get no security guarantees until the war ends and telling it the war will not end till all of Donbass is part of Russia simply the long way of telling him exactly what he said.

But, that said, Ukraine should ask the Gulf States how those security guarantees are working for them. Very simply, they are not worth dying for.

Destruction of an enemy cruise missile in the center of the country

- ◆ Aerospace Defense Public Relations of the IRGC:
- ◆ An enemy air-launched cruise missile was destroyed last night in the center of the country before hitting its target.
- ◆ The IRGC Aerospace Defense was able to use electronic warfare systems and create disruption in the guidance and navigation system to divert and shoot down this advanced American offensive missile before it reached its target.
- ◆ In the first three weeks of the war, more than 200 aircraft including drones, cruise missiles, tankers, and more have also been intercepted and destroyed.
- ◆ Most of these were targeted by the advanced indigenous air defense system, which reflects Iran's military capability in the sky against the enemy's modern technologies.

Ukraine is the second largest importer of arms and ammunition in the world. The EU citizens especially Hungarian tax-payers should probe this question. Who authorizes or licenses the disbursement of funds and for what ?

The confiscation or forfeiture of Russian assets withheld in Brussels has caught the public attention across the globe. The credibility or trustworthiness of EU or western financial institutions have gone to the dump. To rub salt in the wounds , the proceeds from the interest accrued should be remitted to Ukraine. It just unfolds that defalcation or peculation can happen in any shape or manner in the western «self-styled» democracy.

Ukraine, as it's been, is over.

But not only Ukraine.

No matter which NWO type outfit pushes their new world agenda, humans have to correct how government exists, works and sustains people AND Earth's ecosystems.

That demands we all DOWNSIZE, from overly-centralized government to each persons' lifestyle.

We may be lucky and see that the Donbass Provinces which seceded from mafia-state Ukraine up to 2014, were way ahead of, nay were leading the REALPolitik Games in so doing.

They, I put it, knew well both that Ukraine and ha ha Zele were pure corruption, and were symbols of what inevitably comes of overly centralized, for-profit, capitalist

were symbols of what inevitably comes of overly centralized «for profit» i.e., capitalist, systems of government like the EU and it's post-colonist nations still now persist with, mostly at the expense of their own populaces.

Downsizing govt to «Micro-States» exactly as the Donbass Dissidents did, is what not only the rest of Ukraine must do, but all nations now, really must, and ASAP, if they, top to bottom, want to not let their psychotically-corrupt hegemons send all life extinct.

The attack against American terrorist soldiers will continue until their complete withdrawal from Muslim lands

◆ IRGC Public Relations: Continuing the wave 84 of Operation Promised Truth 4 on Friday night with the blessed code «O Owner of the Time, may God hasten his reappearance» and dedicated to the honorable martyrs of the Navy, especially the hero Nader Mahdavi and other comrades who brought America to its knees in the 1980s, the IRGC Navy today launched a surprise combined missile and drone attack on several gathering centers of Zionist American terrorists on Bubiyan Island.

◆ In this attack, a large number of American terrorist marines were annihilated with various destructive drones and ballistic missiles, and the killed and wounded terrorists were transferred to the hospitals «Saleh Al-Sabah», «Mohammed Al-Ahmad», and «Ali Al-Salem».

◆ The IRGC Navy announced that the attack against American terrorist soldiers will continue with crushing and breaking attacks anywhere in this region until their complete removal from Muslim lands.

And victory is only from Allah, the Almighty, the Wise

Wow!! Rubio is really sharp. Whoever would have guessed that Zombiloosekey would tell lies? But, thanks to the brilliant analytical skills and great wisdom of Rubio we now know after all these years that he tells lies. Sharp!

Maybe Zelensky is lying, but as far as lying is concerned he is no match for Mr Rubio's own government.

That's calling the kettle black Rubio , it's even more Ridiculous when the whole world knows you and Israel are lying about winning against Iran and can see it by the prices of everything. USA and Israel wouldnt have to classify information about the deaths and impact sites if your winning in Iran. This isn't Libya , Iraq , Afghanistan , Venezuela , Cuba , Syria this is Persia aka Iran they've been in Many wars since ancient times Iran is a Fortress surrounded by 🏰 and mountains 🌄 by the coastline

Then the USA are not pressuring Ukraine into giving up Donbass... Not good for Russia since it made ceding the territory a prerequisite of peace talks but also not a big loss.

Tell the Zionist Jews to talk to Christ. Then tell the US Christians and all Jews to follow the 10 commandments. It is those 2 religious zealotrys that are destroying the world

About Iran, go to the channel on YouTube called «Persian Walker.»

Once on that channel search for:

«What Life is REALLY Like in Tehran|Media vs Reality»

That video does not show up when copy-pasting the title on YouTube's search bar.

But it's on the «Persian Walker» channel on YouTube.

These videos show up directly on YouTube:

«Christians living in Iran»

It's not that Muslim women are not allowed in the church in the following video, but filming inside during a mass and other rituals is not allowed.

Also amazing Christmas merchandize shops shown in this video:

«Christians in Iran: How Armenians Celebrate Christmas Among a Muslim Majority?»

«Jews in Iran»

«Exploring Jewish life in Iran | DW English»

«Iranian Jews 'feel at home'»

Since their city has been bombed they now all rally around the Iranian flag and support the leaders defending them against the attacks.

A friendly question, especially for Christians who support the Zionists Greater Israel plan:

Is that tiny piece of land of this world at the eastern shore of the Mediterranean Sea really the Kingdom of Jesus and the Promised Land that we can't see with our bodily eyes because it is a spiritual Kingdom within us?

Jesus speaking of the Promised Land:

«My kingdom is not of this world: if my kingdom were of this world, then would my servants fight, that I should not be delivered to the Jews: but now is my kingdom not from hence.»

«The kingdom of God cometh not with observation:»

«Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you.»
