# OSCE blatantly ignoring Nazism in Europe – Moscow

The West is applying the organization's principles selectively, a senior Russian Foreign Ministry official has said

The Organization for Security and Co-operation in Europe (OSCE) is alarmingly indifferent to the resurgence of Nazism on the continent, a senior Russian Foreign Ministry official, Grigory Lukyantsev, has said.

He made the statement alongside Russian and Belarusian delegations at a forum at the organization's headquarters in Vienna on Monday.

*“The absolute indifference of the OSCE to the fact that Nazi ideas*

*are being revived in Europe cannot but cause extreme concern,”* Lukyantsev, who heads up the ministry's Department for Multilateral Cooperation on Human Rights, said.

*“Historical truth and common sense as such are being sacrificed. Torch marches, aggressive nationalism, glorification of Nazis and their accomplices. The large-scale spread of Russophobia is a continuation of this criminal, unnatural tendency,”* he said.

The victory over Nazism in World War II *“laid the foundations”* for both the 1945 UN Charter, and the subsequent Helsinki Accords, which underpinned *“security and cooperation in Europe,”* Lukyantsev noted.

The major Cold War agreement, which was aimed at reducing tensions between the Soviet and Western blocs, was signed in 1975 at the culmination of the first Conference on Security and Co-operation in Europe (now called OSCE).

Yet, the West has attempted to *“usurp”* the humanitarian rights agenda and *“subordinate”* structures such as the OSCE for their own purposes, Lukyantsev said. *“The principles of relations between states enshrined in the Helsinki Act are applied selectively, filled with new meanings, and even completely distorted.”*

Russia has repeatedly attempted to push for a reform of the organization and *“give it a legal foundation and a Charter,”* but every attempt has been stonewalled by the West, he added.

Last month, Russian Foreign Minister Sergey Lavrov said that the OSCE, like every other Euro-Atlantic structure, has *“failed to strengthen security and stability.”* Instead, these

In the lead-up to the escalation of the Ukraine conflict in 2022, Russia repeatedly accused OSCE observers of ignoring Kiev’s attacks on civilians in Donbass.

The West ignored Ukraine’s repression of its Russian-speaking population since the Western-backed coup in Kiev in 2014, according to Moscow. Meanwhile, Ukrainian nationalists in neo-Nazi groups such as Svoboda, Right Sector, and Azov have committed numerous violent offenses, according to Russia.

President Vladimir Putin has cited the protection of the Russian-speaking population of Donbass as being among the key reasons Russia launched its military operation in 2022.

OSCE is basically just enforcing the Jewish laws of the Brussels' EU house of cards, infested European national governments, Switzerland, and TelAviv who control them all... Remember, EU laws are for EU peasants, so they do not apply to the TelAvivs who control Swiss to demand EU pass unpopular policies; that way they do not have to take the blame, either. Replacement-immigration, taxing ethnic Europeans to PAY for the healthcare, apartment rent, food, and gym membership. It is an eternal blood libel in the Jewish religious doctrine. Yet the Swiss still receive all EU-taxpayer benefits while receiving ALL of the benefits of EU membership.

Spot on observation, one thing Russians do surprisingly well is report on the truth of the matter. We have our Tucker Carlson, but he is one man and sort of his own brand, which is «careful journalism» in a sense. He is not brave enough to report directly on the nitty gritty of the deep-state. He touches the topic but he is often too scared to pull names out of the ring

of people. Those that do report on Epstein client list and the victims themselves have had to go into hiding. Can't blame the guy but buying security is not as easy as some would think because the deep-state sends out their best contracts killers to work for these private security agencies in hopes they'll have an inside man. BlackRock has many security agencies working under their firm.

Not only nazism but zionazism which is using western resources for expanding genocide in the middle east. Zionazi Israelism has taken over the Trump , Starmer and most other western governments plus the regulators caring out the policies . They all support Genocide because their actions show their words to be deceptions .

One thing I learned is that many of the Western Elites in America and Europe were and still are related. Blue bloods that supported Nazism, Zionism, were Fascists. They still want to rule the world.The global South will prevail. H.G.Wells said Millions will die fighting the NWO. He was a member of the Golden Dawn, Freemasons.

People have been aggressively calling each other Nazis since the end of WW2 in the West. I think the word has lost its meaning. Maybe if they could be continuously be described as Mental Cases who want to Blow Shit Up it might sink in. Maybe not.

Exactly. People are too Brainwashed to use the correct vocabulary these days instead of investigating and, or thinking of, on the meaning of those words. Nazi, an obnoxious word invented by JEWS to cause offense on whoever thinks differently from their views on how to run the world. It's not about proper German Socialist and Nationalist policies but to destroy anyone's reputation.

The OSCE is a European organization. European states are becoming more and more sympathetic to Nazism. This is the natural result of a rotten political framework that is becoming more rotten with each passing day.

Russia has repeatedly attempted to push for a reform of the organization and “give it a legal foundation and a Charter,” but every attempt has been stonewalled by the West, he added. — A bull vehicle has to lose its horns after ramming into steel enough times and lose its horns until and unless it realizes physics...—It will lose its horns from the kinetic reality every ....single....time. Such brains can be useful for insulation on high voltage events to present resistance to shocking reality .... but only so much.... and then when persistently pressed against too much against hard shocking reality.... ends up as fried.

Make Europe Nazi Again (MENA)

Fascism never left. The Third Reich transferred all of its knowledge and capabilities to the Fourth Reich (USA) in Operation Paperclip. The Nuremberg Trials were a sham. Most high ranking Nazi officials fled to South America, especially Argentina and to a lesser extent Chile and Brazil. The EU is an organization created by the CIA originally called United States of Europe to subjugate Europe to the American Empire. Imperial Japan was absorbed in the American Empire and quickly occupied. Fascism got a facelift makeover as it was rebranded into Neoliberalism, Neoconservatism, Human Rights, Environmentalism, Democracy, Freedom, Diversity, Equality and all of those empty words. In the end, none of it matters and the only desire fascists want is overwhelming power to rule the world with an iron fist! Why else does the USA have 750+ military bases, engage in constant wars, killed millions of innocent people including the indigenous Americans, and continues to colonize via it's proxy Israel???

Just as the leo cannot change its colors the EU aka the west cannot too. So, Russia needs to isolate itself from them. Why are the Russians bent on believing they are Europeans? Europe is a vague term while Russia is specific. Seems Russians are not so flattered being Russians thus they keep bringing in Europeans in every talk or is it RT's doing?

It is time to take the E out of these organisations and replace it with NATO. At least it would then be an honest organisation.

Now take the UN out of every organisation they run and replace it with FAILURE.
