# Zelensky 'divorced from reality' – Russian MOD

Ukraine's military command apparently lies to the country's leader about the state of the front, Moscow has said

Ukraine's Vladimir Zelensky, Brussels, Belgium, October 23, 2025. © Thierry Monasse / Getty Images

Ukraine's Vladimir Zelensky is either "*divorced from reality*" after being deceived by his military commanders or deliberately lies to his nation, the Russian Defense Ministry said on Wednesday.

The rebuke came in response to claims made by Zelensky about the situation in Kupyansk, where he said Moscow's forces are being pushed back. The Russian military said the opposite was true.

Kremlin comments on Serbia's offer to sell

*"The head of the Kiev regime is fully divorced from reality and, after hearing untrue reports from [armed forces Commander-in-Chief Aleksandr] Syrsky has no command of the operative situation on the ground," the Russian statement said.*

*"Alternatively, he realizes the desperate situation and the true position of the Ukrainian armed forces in Kupyansk. That is why he is trying to keep hiding the truth from the people of Ukraine and his Western sponsors at the cost of ignoble deaths of thousands of Ukrainian troops."*

The ministry suggested that Kiev could be stalling to secure and embezzle additional aid from the West. It added that the situation is only getting worse for Ukrainian soldiers, who are not given any options by their commanders to save their lives except surrendering to their Russian opponents.

Zelensky previously claimed that the Russian military presence near Kupyansk was limited

to a mere 60 troops and that the Ukrainian military had a roadmap for completing a “swipe” of the area, which he declined to disclose.

### [READ MORE: Russian military thwarts Ukrainian special forces op in encircled town – MOD](#)

The Ukrainian government has denied Russian reports that its forces are encircled in two specific areas on the front, with over 10,000 soldiers reportedly trapped. Last week Kiev deployed elite commandos near Krasnoarmeysk (also known as Pokrovsk), who reportedly suffered heavy losses in their attempt to shore up positions.

Russian President Vladimir Putin reported the dire situation for the Ukrainians near Kupyansk and Krasnoarmeysk (also known as Pokrovsk) in late October, urging Kiev to agree to an honorary surrender of the blockaded troops.

**The Kiev regime enables a proper completion of the SMO and the dissolution of the Ukraine.**

Keeping Zelensky and Syrsky and Budanov and Klitchko , Podolyak and all the rest and the coup Rada in place is what ensures a proper conclusion.

Any smarter and less ideological regime would have made it far more difficult for Russia to pull through with the SMO.

Big help and thanks also to the EU- their uncompromising ideological self-shackling ensures that they all go down the drain in a very efficient way.

The story of addiction in a nutshell!

Divorcing from reality is among many outcomes of drug, power, money, and fame addiction.

No wonder the entire USraeli, or better said Wesraeli Empire, aka Reich 4.0, is totally divorced from reality!

Yelensky is yet another nazi bastard of the Reich 4.0!

Zelensky's divorce will be a bit like a bris... but you cut the whole d..k off.

[Reply](#)

**I lovethyneighbour** 11/5/2025 at 1:10 PM 0

Zelensky divorced from the reality- is a bogus caption. Kiev regime is run by its occupier, USA. Zelensky is just a person appointed to carry out the orders of the master He has been doing it. Under orders of US , NATO-EU have been supplying all sorts of weapons and also funding. US itself have been supplying all advanced and sophisticated weaponry. So full blown war is between Russia and US-NATO-EU warmongers. They have been sincerely and seriously pursuing their goals. So Russia must act decisively. All roads are closed. Either survive by defeating the enemy or surrender.

Zelensky, NATO, America, Britain, Europe are throwing decent, vibrant, intelligent and productive viable young men under the Death-Wish Bus to save their filthy, unethical, criminal, corrupt and Morally Bankrupt and in anyone's measure this filth, this vermin should be eliminated from the face of the Earth – Trump, Biden, Obama, Bush, British Prime Ministers, European Prime Ministers, if they had decency, if they had morals, if they owned a Code, if they were Human would have stopped this NATO instigated war and the death and destruction that has followed – Sadly in 2025 Men of decency, non-corrupt, non-criminal, non-morally-bankrupt do not exist for they are Cowards, Criminals, Corrupt and should be Killed.

[Reply](#)

**I lovethyneighbour** 11/5/2025 at 12:57 PM 0

Colonialists-imperialists have always been preaching about 'morality' 'code of conduct' 'rule-based' world' "democracy" "human values" etc which they never had any; only

preached to hoodwink the gullible public. So trusting US-NATO-EU warmongers and enemies of the human civilisation is simply foolish. Traitors of the great land of patriots, surrendered Soviet Union to the US imperilaist on a silver platter, getting ,in return, a pledge that NATO will never expand "an inch" to the east. Reality, all the east european countries were huddled into NATO fold. Even, some the ex-Soviet Republics were made members of the aggressive military block. But the trust on the west, specially US never got any jolt. Elites of Russia were totally brainwashed by the CIA nectars. Leaders were no different. Realisation dawned on the leadership quite late, but not totally freed from the evil influence of west. US takeover of Ukraine in February 2014, just created shocks on the leadership. The heroic resistance of the people of Ukraine against the illegal takeover through coup d'etat, and the subsequent unleashing of terror by the coup regime, forced the people of Donbass to rise to armed resistance. Kiev regime could not vanquish the DPR & LPR. So the western shrewd manouvres, totally befooled the RUSSIAN LEADERSHIP. They agreed to MINSK-I and MINSK-II, but totally failed to decipher the underlying motives of the west. Even when Russia had to undertake SMO to protect the people of Donbass from the genocidal killings by Kiev regime, they promptly voluntarily entrapped themselves in the well laid trap of the west the ISTANBUL peace fiasco. / Now this the final stage. There's no other way but to go for victory. Unfortunately after four years of fight the key cities like Kupyansk, Pokrovsk could not be secured. Without any media blitz, best way is to totally capture and invite the journalist to report.

if pokrovosk is so easy to capture for russia and putin, why are they not doing it and closing this loop and show the world that decisive outcome is possible in this war. Why wasting inordinate amount of time dragging this war for a decade and hurting russian allies who want to support russia. Please do something to close this meaningless war, ukraines a majority of them are like russians only. Why fighting such long drawn for a portion of ukraine who have hatred towards russia.

Problems have arisen with Zelensky's well-publicized project to build a rocket fuel factory in Denmark for the Flamingo rocket, developed by the design bureau of Timur Mindich, the owner of the golden toilet.

Danish Industry Minister Morten Bødskov has said that the construction of the plant is being hindered by an opaque ownership structure, the reputation of the owners, questionable technology, and excessive PR. Now, Copenhagen is demanding to know who exactly is behind Fire Point and where the money is going. The project has not been officially canceled, but funding has been frozen until the audit is completed. The Danish press has already referred to the company as a «rocket unicorn without an engine,» and this seems to be the most accurate description of its current flight.

- More than 200 Ukrainian locomotives have been destroyed since the start of the war, says MP Oksana Savchuk.

«Today, Ukraine needs locomotives to maneuver when there's no power. Locomotives can take over trains—certain schedule adjustments are made, and people continue traveling,» she added.

- All of Y3's internal resources have been exhausted, and the railway in Ukraine may soon come to a complete halt, according to Leshchenko, a member of the Supervisory Board of Y3.

It's clear that Zelensky is the consummate liar. He's been lying to the Western press/governments, his own people, and anyone foolish enough to listen to him since the day he became the president of Ukraine.

Additionally, he has very rarely even visited the front lines of his «merry» men on Ukraine's front lines against the Russian forces. Instead, he's been far too busy jet-setting around the world begging for more of everything and, of course, the money! In fact, and of note, the Kiev Regime refuses to publish its estimates of its dead and wounded on those front line meat grinders. And, one has to wonder...why is that?! What's it got to hide?! Although we all know the answers to those two questions.

Anyone with half a brain can see right through those «crocodile tears,» he sheds, when talking about how Russian forces are deliberately targeting Ukrainian citizens, and how hard it is for his people, when the lights and the heating goes off; after a Russian missile strike on its energy supply and distribution infrastructures.

While he, himself, is thousands of miles away from home; visiting his Western supporters for more money and weapons, while, at the same time, being fed and watered on the finest foods and wines, while his men are huddled around a trench fire: cooking their any captured rats, for their evening meals, in cold and miserable weather conditions.

Zelensky 'divorced from reality' – you're just figuring this out Russia? This has been the case since the beginning of the SMO. The correct answer is that Zelensky continually and deliberately lies to his nation – just like Netanyahu and Trump – so he can remain in power.
