# Zelensky associate and justice minister raided by anti-graft agency – MP

## Ukraine’s NABU says it is dismantling a “high-level criminal organization” linked to the energy sector

Ukrainian anti-graft investigators have conducted multiple raids connected to Timur Mindich, a long-time associate of Vladimir Zelensky, according to opposition lawmaker Yaroslav Zhelezhnyak and local news outlets.

The searches, carried out by the National Anti-Corruption Bureau (NABU) on Monday, reportedly targeted properties owned by

NABU confirmed taking action against Energoatom, stating that it was investigating a “*high-level criminal organization*” operating within Ukraine’s energy sector. The agency said the case stems from over 1,000 hours of surveillance and 15 months of investigative work but declined to name any suspects.

Mindich, a businessman and former entertainment industry figure, is known for his close personal and professional ties to Zelensky. The latter reportedly celebrated his birthday at Mindich’s apartment in 2021. Mindich’s address was reportedly under NABU surveillance for several months this year, with the Ukrainian leader allegedly having been recorded.

The existence of the recordings dubbed the “*Mindich tapes*” was made public shortly before Zelensky attempted to curtail NABU’s independence, triggering a pushback from Western governments.

Last week, Ukrainskaya Pravda published a detailed report on Mindich’s alleged growing influence during Zelensky’s tenure. The outlet described him as a de facto oligarch whose business empire now spans both the defense and energy sectors.

The report also claimed that Mindich is under investigation for money-laundering by the US FBI, reportedly in cooperation with NABU.

Mindich’s alleged corporate interests include Fire Point, a company that transitioned from a film location scouting agency into one of Ukraine’s largest drone manufacturers, as well as

Fire Point has previously been accused of securing inflated, no-bid government contracts, though it denies wrongdoing or having ties with Mindich.

War and Peace, I have not read on this novel, for years. Instead, I read on the RT, everyday. There wasn't a war, shall not be a peace. Why? I skip most of news on Trump: life is short. Good work, to most news written by the RT, Russia is the country, I felt someday, I shall love to visit. So much of life, and meaningful outcomes, to our future.

To life:

You hated what you've written down. A joy and a memory have not a say, it was life.

A music played by, to old songs and melody sails away; it says this is life.

To depart a sad air joining a party, a flower spreads life, it has a beauty and a glory, from stars and late night to dress the Moon.

By yours to singing, a sea brought a sad air, to be alive; wasn't yours to give away, that moments of wind?

To see and let go, in a movie, once in a life time, on a wall of Shanghai, brutality and death, it is not a life, driven by a pale horse and the chariot, crushed by a bullet train, spoken softly dropped by: a sadness.

Stop your life, it called by no one, read on today's news, it has a past and fresh death.

Wasn't yours to live, can't be washed away, by waves of sea; stepped by hatred and revenges.

To nobody, once in a life time, this has been going on over and over, violins can't heal, won't stop a sinking boat. Thank you, said by a girl, watching this world, and be still.

That bomb and ours the anger.

Start a new life, it called by a chopping, part, inside there are plenty, from love to love of fish

Start a new fire, it called by a shopping cart, inside there are plenty, from toys to jars or fish, can't be answered and won't come back. See you again, from God.

Do your duty, this is gonna make great, love and glorified, by an air to a fire, inside a frozen past, to a sadness.

Walk towards, our future, inside and brought out, a present can't be realized and be marveled. Money can't be anything, spoken from a camel, heading to an infinite desert.

Do believe, you'll find a music, that says this life can't be dirty, won't stay still, always and shall bring back, answering that lost moments, when there came a rain created by a star, shines a rainbow.

The whole CIA/MIE support of Ukraine is part of the Zelensky associate and justice ministry corruption. But the backers don't want their money stolen or corrupted away. So the whole anti-graft agency is a bit of a joke. Maybe the CIA are the ones that eventually hang Zel from the Kiev train station, Mussolini style.

Washington will let Vladimir's phone ring once, about a minute or two before they come to collect him.

Surely not. He'll get a day or two. 😏

Timur Mindich has just left the country just hours before the National Anti-Corruption Bureau detectives came to his home with a search warrant.

This guy surely doesn't muck around. He probably already had all his bags packed right after Vladimir's phone call 😏😏😏
