Hamas will disarm or 'we will disarm them' – Trump

The US president's statement follows a major prisoner swap under a ceasefire deal between the militant group and Israel

Hamas must disarm or be disarmed by force, US President Donald Trump has said, adding that he had communicated the demand to the militant group.

On Monday, Hamas freed the last 20 living Israeli hostages held in Gaza, and Israel sent home nearly 2,000 Palestinian detainees under a ceasefire deal brokered by the US, Qatar, Egypt, and Türkiye.

Trump made the remarks on Tuesday while hosting Argentine President Javier Milei at the White House. *"If they don't disarm, we will disarm them, and it'll happen quickly and perhaps violently, but*

they will disarm," Trump said responding to a reporter's question.

"But they will disarm, do you understand me?" he added, insisting that it should take place in a *"reasonable period of time."*

READ MORE: Palestinian issue isn't resolved – Lavrov

Trump's previous comments have indicated, however, that Hamas could retain a limited presence in Gaza, following reports of a direct meeting between White House envoys and Hamas negotiators, which marked the highest-level discussions ever held between the two parties.

Russian Foreign Minister Sergey Lavrov stated earlier this week that Trump's peace plan for Gaza is *"the best thing on the table"* at the moment, but it does not fully resolve the Israeli-Palestinian conflict.

He emphasized that while the plan focuses primarily on Gaza, it only vaguely references Palestinian statehood.

The final settlement of the Israeli-Palestinian conflict would require *"the creation of a single, territorially integral Palestinian state within the 1967 borders"* in line with the relevant UN Security Council resolutions, Lavrov said, adding that Moscow remains committed to a two-state solution.

It's Israel that should disarm and cease its occupation. Palestinians have a right to armed resistance against any occupier. That is international UN law which is why they sidelined the UN. They don't intend to comply with any UN resolutions.

learn history, virtue signalling racist:

1921 Jaffa riots

When: May 1921.

What happened: A confrontation between two rival Jewish political groups in Jaffa evolved into an attack by Arabs on the city's Jewish population.

Casualties and impact: 47 Jews were killed and 146 were wounded. The violence spread to surrounding Jewish agricultural communities. Prominent writer Yosef Haim Brenner was among those killed. The events led to the separation of Tel Aviv from Jaffa as a separate city.

1929 Massacres (Hebron and Safed)

When: August 1929.

What happened: Fueled by false rumors that Jews were planning to seize control of Muslim holy sites in Jerusalem, widespread riots broke out across Palestine.

Hebron: On August 24, a mob attacked the Jewish quarter, killing 67 Jews, including women and children, and looting and desecrating synagogues. The centuries-old Jewish community in Hebron was effectively destroyed.

Safed: Following the Hebron massacre, Arabs from Safed and surrounding villages attacked their Jewish neighbors. 18 Jews were killed, 40 were wounded, and many homes were looted and burned.

Casualties and impact: The week of riots resulted in 133 Jewish deaths and 339 injuries across Palestine. The violence demonstrated the vulnerability of the Jewish community and led to the reorganization and expansion

When you copy & paste stories, try not to edit and be biased. That incident started by the jews amongst themselves killing 47 jews & when the Palestinians got involved, the jews killed 48 Palestinians. The rest of your post is the same quality

You cherry picked some incidents that don't even validate anything or your non existent premise. 😊

What are you trying to say? When you come out swinging, at least have a reason.

Palestine and its people were erased by Zionism. That's a fact. The state of Israel has not followed through on any UN resolutions—fact. You haven't refuted anything of the original post.

Ok, so it depends who is telling the history. But Palestine has been occupied since 1947 when the world of UN, decided to curve a white Zionist Jew state out of Palestine, to control brown skin Arabs. 700,000 Palestinians were erased from Palestine and replaced with western white Racists. (Zionist Jews).

Warsaw Ghetto uprising 1943 – by 'terrorists'??? Palestine uprising 1948-2025 also by 'terrorists'??? Since the 1930s Zionists have planning to ethnically cleanse Palestine.

Palestinians are ancient Canaanites and Philistines, more evil serpent races (Gen 3:15), God warned Israelites against. With the Islamic Conquest, Jews are exiles. Tony Blair is part of Satan. Do not make peace with Hamas. It literally is making peace with Satan. It can only be false peace. Hamas means terrorism, Allah means curse to rise, whereas YHWH who came down for us as Christ literally means 'behold the hand, behold the nail'.

It appears Palestine is being sacrificed. Israel, US and Russia are expediting its death. I guess they are all in a hurry to bury the dead Palestinians under the rubble to make way for Greater Israel's construction. Hamas can not save Palestine alone. I am sorry to see genocide funded with such extreme. The West is no longer civilized.

The Palestinians have every right to defend themselves and so Hamas should NOT disarm. In fact after what has happened the Palestinians must arm themselves to the teeth as a deterrent. Israel will not stop and remains a continued threat to the Palestinians and the region. Why doesn't Trump insist that the Israeli regime disarms?

How about Israel disarm as well then? Seems more than fair we have seen conclusively looking at the destruction in Gaza Israel should never be allowed to have weapons of any sort. They don't know to behave with weapons.

President Trump is wrong to try to disarm Hamis & other Palestinians. Palestinians have the right to self-defense, especially against the 1917 Balfour Declaration that resulted in the 1948 war crime regime of 15.r431.h311.

Imperial NATO's mafia racket provides luxury welfare to the civilian sector & MIC of «isn't real». The rest of the world should provide civilian & military trade & assistance to Palestine, Lebanon, the independent people in Syria (not the recently created puppet regime), Yemen, & Iran.
